ZERO-
WASTE
LIVING
SOLUTIONS

Our goal is simple, to provide consumers and businesses with zero-waste living solutions.

Why PARK MARKET & REFILLERY?

Convenience - an innovative way to accommodate zero-waste lifestyles!

- After travelling to New Zealand, founders were inspired by the sincere and noticeable commitment of citizens to protect the environment
- Park Market & Refillery was created to fill the need for zero-waste products at the convenience of our modern day society

1. How can municipalities better support innovative businesses like yours?

Simply sharing that these businesses exist with community members would be a great start. Most people look to municipalities as a 'how to' or 'where to find' resource.

2. Do you notice any trends within your audience?

Once folks learn about us and the impact of refilling, we find they are very keen and willing to make the switch!
