Dear BurlingtonGreen Supporters.

We've just learned the chemical industry is trying to postpone the Ontario pesticide ban by at least a year!

We ask that you consider calling or sending an email to 5 key cabinet ministers with the following message:

Dear Cabinet Minister,

Please ensure that the regulations governing the use of cosmetic pesticides comes into effect this spring as promised.

The pesticide regulations will boost business and green jobs.

Please do nothing to weaken them.

Your name and address.

Please send separate letter to the premier
