**Economic activity occurs
within social and ecological
limits.**

We are testing those limits.

BurlingtonGreen supports an Official Plan with land use planning that protects green space, improves local biodiversity while advancing sustainable development with smart communities.

Updates reflected in the new Official Plan should address:

**Meet me for lunch
at the parkette.**

**Is it safe for the kids
to play outside?**

**Can I bike
to work?**

**How long will
my commute
be on the bus?**

**I can get my
Fitbit steps in
on the way to
work!**

**Can we get rid
of one car?**

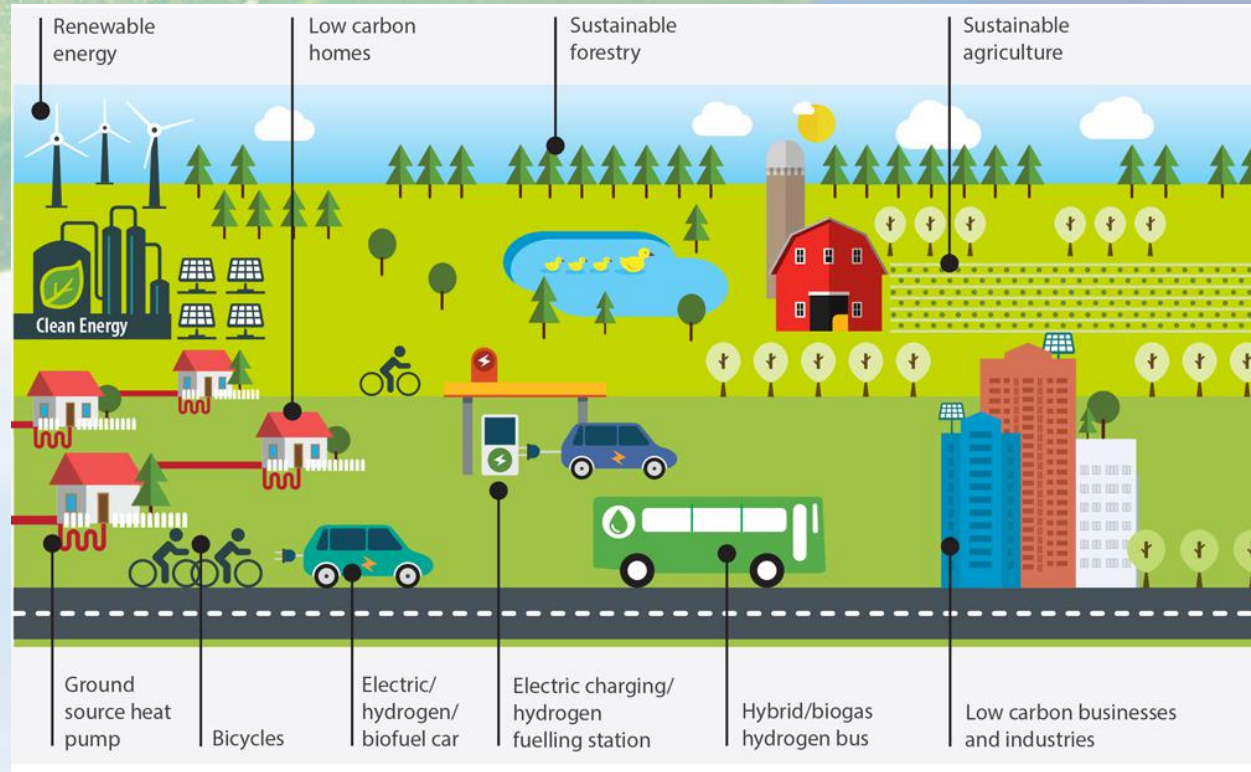

Green Space: Challenges and Opportunities

How much Green Space do we need?

Mitigating Climate Change and preserving a healthy environment must be top priority in every policy decision at every level of government – each decision must pass the “nested priorities” test
